**PASTOR'S CORNER**

**(Part 1) HUMANAE VITAE – ON HUMAN LIFE:** July 25, 2018 will mark the 50<sup>th</sup> Anniversary of this historic Encyclical Letter issued by Blessed Pope Paul VI. With the development and mass marketing of the hormonal birth-control pill, beginning in 1960, there has been a sexual revolution going on which has impacted our culture in a negative way more than any other single cause. The “contraceptive mentality,” with all its chemical, barrier, and surgical methods, is still being mass marketed as the most reliable form of “planned parenthood” and “safe sex.” Humanae Vitae’s re-affirmation of the Catholic Church’s Traditional teaching on the God-given meaning of human dignity, human sexuality, marriage and family has become the most neglected, ignored and reviled moral teaching of the Church in history. Polls estimate that nearly 90% of baptized Catholics in the U.S. simply follow the ways of the secular culture when it comes to “planning” their families. The Catholic Church upholds the teaching that every marriage act ought to be an expression of mutual, free, total, faithful, open-to-new-life gift-of-self-authentic-love between spouses. If there is a responsible need to postpone the conception of a child, the moral means is for a married couple to abstain from the “marriage act” during the relatively short period of fertility in the woman’s fertility cycle. The time of fertility can be known with precision using the modern methods of Natural Family Planning (NFP). The secular culture insists that it is okay to sterilize the marriage act in order to prevent the conception of “unwanted children.” The U.S. Supreme Court struck down all State laws against contraception methods in 1968. In 1973 seven Supreme Court Justices professed their ignorance over whether human life in the womb should be accorded the dignity of “personhood” and therefore merit the protection of the Law against murder. They struck down all the State laws against abortion and gave women the right to decide for the life or death of the child in their womb (cf. Roe vs. Wade & Doe vs. Bolton, 1/22/1973). More to come in the weeks ahead.

*Blessings, Fr. John*

## RINCÓN DEL PÁRROCO

**(Parte 1) HUMANAE VITAE – SOBRE LA VIDA HUMANA:** el 25 de julio de 2018 se conmemorará el 50 aniversario de esta histórica carta encíclica emitida por el Beato Papa Pablo VI. Con el desarrollo y la comercialización masiva de la píldora hormonal anticonceptiva, comenzando en 1960, ha habido una revolución sexual que ha impactado nuestra cultura de una manera negativa más que cualquier otro caso. La "mentalidad anticonceptiva", con todos sus métodos químicos, de barrera y quirúrgicos, sigue siendo comercializada en masa como la forma más confiable de "paternidad planificada" y "sexo seguro". La re-afirmación Humanae Vitae de la enseñanza tradicional de la iglesia católica sobre el significado dado por Dios de la dignidad humana, la sexualidad humana, el matrimonio y la familia se ha convertido en la enseñanza moral más olvidada, ignorada y denigrada de la iglesia en la historia. Las encuestas estiman que casi el 90% de los Católicos bautizados en los Estados Unidos simplemente siguen los caminos de la cultura secular cuando se trata de "planificar" a sus familias. La iglesia católica sostiene la enseñanza de que cada acto matrimonial debe ser una expresión de amor mutuo, libre, total, fiel, abierto a la nueva-vida un regalo-de-uno mismo-de auténtico-amor entre los cónyuges. Si hay una necesidad responsable de posponer la concepción de un niño, el medio moral es que una pareja casada se abstenga de el "acto matrimonial" durante el periodo relativamente corto de fertilidad en el ciclo de fertilidad de la mujer. El tiempo de fertilidad se puede saber con precisión usando los métodos modernos de La Planificación Familiar Natural. La cultura secular insiste en que está bien esterilizar el acto matrimonial para evitar la concepción de "niños no deseados". La Corte Suprema de Estados Unidos abatió todas las leyes estatales contra métodos anticonceptivos en 1968. En 1973 siete de los jueces de la Corte Suprema profesaron su ignorancia sobre si la vida humana en el vientre debería ser concebida la dignidad de la "persona" y por lo tanto merecía la protección de la Ley contra el asesinato. Abatieron todas las leyes estatales contra el aborto y dieron a las mujeres el derecho de decidir for la vida o muerte del hijo en su vientre (cf. ROE vs Wade & DOE vs Bolton, 1/22/1973). Más por venir en las próximas semanas.

*Bendiciones, Fr. John*
